# Eclipse Features & Benefits

- **Fusion Welded Frame and Sash:** Provides an impenetrable barrier to air and water penetration, the ultimate in strength and integrity.
- **Deeply Pocketed Head:** With weather stripping to resist air infiltration.
- **Advanced Balance System Technology:** Block and tackle, provides smooth operation of sash.
- **Soft Curved Sash Design:** Looks more like traditional wood window sash.
- **Sash Limit/Vent Locks:** Allow for ventilation with security; have passed AAMA Forced Entry Resistance Testing.
- **Recessed-in Tilt Latches:** Color matched low profile latches for a neat appearance.
- **Composite Cam Lock and Keeper:** Cam action actually draws sashes closer together for positive lock.
- **Aluminum Reinforcement:** Provides a solid anchor for locks and prevents warping.
- **Dual Tilt In Sashes:** Both sashes tilt in for easy cleaning.
- **3/4" PPG Intercept Insulated Glass System:** Non-Conductive spacer provides barrier to heat transfer in insulating glass unit.
- **Interlocking Meeting Rail:** Provides additional security and has passed AAMA Forced Entry Resistance Test.
- **Heavy Duty Weatherstrip Design:** With double mylar fins for resistance to air and water infiltration.
- **Optional PPG SolarBan-70 Low-E Glass:** For maximum regional thermal efficiency.
- **Sunshield 100% Vinyl:** An advanced vinyl compound with a proven weather beating formula.
- **Clear Advantage Sturdy Half Screen:** Provides a much improved and unobstructed view.
- **5 Degree Positive Sloped Sill:** Provides water runoff, even in driving rain.
- **Fully Welded Double Wall Interior Dam Leg:** With fin-seal weather stripping for improved strength and optimal air and water performance.
- **Full Length Extruded Lift Rail:** Provides easy sash operation.
- **Lifetime Limited Warranty**

Optional foam filled frame and sashes will increase your energy savings.

Our windows are environmentally friendly and lead free.

### Distinctive Style

The Eclipse is the beautifully designed aesthetic replacement window from Earthwise Vinyl Windows. Contour lines and sculpted millwork features on the Eclipse Replacement Window will give your home a fresh, cleanly elegant, new look.

### Double Hung Tilt-In Window Systems

Beyond style, this fully welded vinyl window offers the most technologically advanced design and thermal performance in the window industry. The state-of-the-art materials and precision engineering insures you a quiet, secure environment with unsurpassed efficiency that lowers the cost of comfort year round.

### 2 Lite & 3 Lite Sliders

- Sashes lift out for easy cleaning. But for added security, only lift out from the inside.
- Heavy duty tandem brass rollers allow easy operation.
- Independent weep holes for excellent drainage.
- Sashes have equal-size glass for an appealing appearance. (2 lite only)

### Casement/Awning Windows

Classic beauty and effortless operation makes this a one-of-a-kind casement window system. A coped beveled frame, slim lines and maximum glass exposure combine to create a sleek appearance. Our corrosion-resistant hinge and operator arm hardware are made with advanced technology stainless steel.

### Virtually Unlimited Styles

Includes awnings, left and right single casements, fixed picture windows and two, three, four & five lite multiple units. Awnings, casements, and picture windows are able to be constructed in horizontal or vertical configurations with an internal mullion system and unlimited architectural shapes.

### Elements of Styles

Our bays and bows are fully customizable to match your home décor. Choose from a width range of 49" to 144"; any of our stylish grid options or none at all; 30° or 45° bay windows; three, four and five lite bow window configuration. Center and end vents are available in picture window, double hung or casement in the combination of your choosing. Jamb widths are also customizable to suit your every need.

## Other Eclipse Options

### Optional Designer Color Choices:

- Available in Standard Linen (white)
- Optional Desert Sand, Optional Pebble Stone Clay or
- Optional Bronze Exterior Laminate or
- Optional Dark Oak Interior Laminate

Printed color will vary slightly from actual color. Always refer to actual color samples before making color selections.

### Internal Grid Options:

- Flat 5/8"
- Contoured 3/4"
- SDL (Simulated Divided Lites) Grids

## Eclipse Technology

Our insulating glass technology and vinyl processing production insures the highest quality and performance in our window systems.

## PPG Intercept® Spacer Warm Edge Technology

When selecting windows for your home you want to look for products that give you the quality and performance your home deserves. A smart place to start is to look for windows that have the PPG Intercept Spacer insulated glass system.

PPG Intercept Spacer insulated glass is an advanced "Warm Edge Technology" insulated glass system found in Eclipse Vinyl Windows. The PPG Intercept Spacer insulated glass is so energy efficient that it keeps the edges of the window glass warmer, making your home more comfortable in the winter.

Keeping you cool in the summer and warm in the winter.

## Low-E Glass Technology

Eclipse Vinyl Windows offers some of the most advanced warm edge technology in our window systems. Our optional PPG Solarban 70 is a value-added Low-E product that brings energy savings and comfort to your home.

PPG Solarban 70 is engineered to provide year round comfort, keeping your home cooler in summer by keeping out unwanted solar heat and warmer in the winter by keeping furnace heat inside.

PPG Solarban 70 significantly reduces the fabric fading effects of ultraviolet light and resists condensation and it's effects on your home environment.

So in choosing energy savings make *The Wise Choice*, choose PPG Solarban 70 Low-E glass and Intercept Spacer warm edge technology in Eclipse Vinyl Windows.

## Vinyl Technology

The design of the window and the quality of the extrusion insures the beauty and performance of the finished product. Eclipse Vinyl Windows are designed and extruded by our partner, Deceuninck Inc. recognized as the world's leading extruder of vinyl window and door systems. All vinyl is produced from abundantly common natural materials and is thus an extremely eco-responsible product. All of our vinyl profiles are completely recyclable and environmental friendly.

*There is strength in numbers. The Earthwise Group is a national network of locally-owned, independent window and door manufacturers. Our network covers the entire United States, but as local and regional demands differ, so do our local organizations. As independent manufacturers, we are flexible and responsive to meet those unique regional needs. Backed by one of the world's largest window extruders, Deceuninck NA, the Earthwise Group consistently meets and exceeds the rigorous standards set by Energy Star, National Fenestration Rating Council (NFRC), and the American Architectural Manufacturers Association (AAMA).*
