

# SPOILER™ II HAND HELD SHOWERHEAD

## Product Highlights

Our water and energy efficient SPOILER™ II Hand Held Showerhead delivers enjoyable showering with three spray settings: massage, regular and combination spray. It includes an internal pressure compensator, which ensures uniform performance regardless of water pressure for greater consistency and efficiency. The SPOILER™ Handheld Showerhead is available with or without a pause button feature. The package contains everything needed for installation: stainless steel hose, hand held showerhead, and mounting bracket.

## Product Details

- Energy efficient non-aerating spray reduces heat loss
- Self-cleaning spray adjustment helps provide uninterrupted performance
- Anti-sediment screen prevents line debris from clogging the showerhead
- Heavy duty mounting bracket with 72" stainless steel hose
- Fits standard 1/2" threaded shower arms
