

SMOKE ALARM

10-YEAR SEALED

CAT. **P910B**

10-YEAR LITHIUM POWER

10 years of continuous protection.
No battery change required. Provides
audible notice when alarm has reached
its end of life.

TAMPERPROOF SEALED ALARM

Powercell cannot be removed.

PHOTOELECTRIC

Photoelectric technology is generally
more sensitive at detecting large
particles, which tend to be produced in
greater amounts by smoldering fires.

SILENCE FEATURE

Silences nuisance alarms.

TAMPER RESISTANT

Locks alarm to mounting bracket. Perfect
for apartment, dormitory or hotel
applications.

BRK®

THE PROFESSIONAL STANDARD

Sealed 3V Lithium Power Cell

Description:

BRK Model P910 is a battery operated, 3V lithium power cell single station smoke alarm specifically designed for residential and institutional applications including sleeping rooms of hospitals, hotels, motels, dormitories, and other multifamily dwellings as defined in standard NFPA 101. Model P910 has been fully tested and complies with, UL217, CSFM, NFPA 72, and NFPA 101 and other agencies that model their codes after the above agencies. It meets building codes where tamperproof 10-year sealed lithium battery operated smoke alarms are required and with model building codes published by the ICC.

BRK Model P910 is a state of the art smoke alarm designed to provide early warning of a fire. It features a fully insect screened Photoelectric smoke sensing chamber, an 85dB horn, a sealed 10-year lithium power cell power supply that is permanently installed upon activation of unit, a full function test switch, a silence feature to silence unwanted nuisance alarms, a red LED light that indicates DC power or alarm. The tamperproof design will not allow the powercell to be removed. The low power warning indicator will cause the alarm to "chirp" when it reaches the end of its service life and needs to be replaced. Upon end of life, the unit meets UL requirements for disabling the alarm and non-reinstallation of unit to mounting bracket. It also features a tamper resistant locking pin that locks alarm to the mounting bracket. Perfect for apartment, dormitory or hotel applications. The compact, low profile design complements any décor. Designed for wall or ceiling mounting. Includes mounting anchors and screws.
